Excerpt from the text of the Soviet-Chinese Communist communiqué broadcast by the Moscow radio:

On the Soviet Government Delegation's visit to the Chinese People's Republic.

It has also shown the complete groundlessness of the policy of the ruling United States circles who are preventing the Chinese People's Republic from taking its lawful place in the United Nations Organization.

Such a policy, like the direct acts of aggression committed by the United States toward the Chinese People's Republic and the continued occupation by the United States of a part of the Chinese People's Republic territory, in particular the island of Taiwan (Formosa), and the military and financial support to the Chiang Kai-shek clique which is hostile to the Chinese people, all these are incompatible with the tasks of maintaining peace in the Far East and lessening of international tension.
